HP Wireless Optical Comfort Mouse

Work anywhere with advanced wireless technology
Travel with confidence with the HP 2.4 GHz Wireless Optical Comfort Mouse. The mouse is energy efficient and it has an optical sensor with adjustable sensitivity which will work on any surface.

- **Stay connected everywhere you go**
  The HP 2.4 GHz Wireless Optical Comfort Mouse lets you travel with confidence. Its optical sensor has adjustable sensitivity so you can work with it on many surfaces, with less interference and longer range of operation.
- **Work in more comfort**
  The mouse has a symmetrical, sculpted design, so it's perfectly comfortable for both left- and right-handers. And the rubber sides provide a smooth, secure grip, so you will always be in control when you are working.
- **Enjoy convenience**
  Tired of losing your micro-receiver? The 2.4 GHz Wireless Optical Comfort Mouse has one that is so small that you can leave it plugged in your desktop or notebook if you want, or store it inside the mouse itself when you are out and about.
- **Work on any surface**
  Travel with confidence, knowing that the Optical Comfort Mouse has adjustable sensitivity, so you can use it on any work surface. And you will not run out of power: this mouse is energy efficient and can work for up to a year with two batteries.
- **Be productive while on the go**
  You will love the great feel of working with the HP Optical Comfort Mouse. Two primary buttons and a clickable scroll wheel with green LED illumination offer excellent control, while the rubber sides of the mouse allow you to enjoy a perfect grip.
